Join as an Operations Intern

Amazon is looking for ambitious and enthusiastic students to join the fast-paced world of logistics in European Operations as interns. An Amazon EU internship will provide you with an unforgettable experience in a dynamic and international environment; it will boost your CV and will provide a superb introduction to our Operations activities.

You will put your analytical skills to the test and roll up your sleeves to complete a project that will contribute to improve the functionality and level of service that the Fulfilment Centres provide to our customers. This will include: diving deep into data, mapping processes and problems, offering and testing potential solutions and implementing the best one ensuring its scalability to other FCs You will interact with highly efficient managers, technology development teams, data warehouse experts and front line associates to develop solutions to the most complex business and operational challenges faced by one of the world's fastest-growing operations networks.

These internships include project-based educational opportunities intended to allow future managers to discover how we lead and develop our teams of associates to their full potential, as well as dive deep into process improvement. You'll learn about how we ensure performance in order to delight our customers, as well as how we measure, evaluate and improve our processes and production in our large and complex fulfilment centres.

Search for MBA or Graduate opportunities.

Amazon is an equal opportunities employer. We believe passionately that employing a diverse workforce is central to our success.

About You:

We are looking for ambitious and enthusiastic students with enough personal drive and enthusiasm to make you stand out from the crowd! You are:

- a bright mind with a strong leadership ability and strong decision-making skills — and it shows in your CV.
- results-driven with great analytical capability and an eye for innovating and simplifying our processes and practices.
- committed to get the job done, this is highly likely to include non-rotational shift hours. Shift work includes night shifts, weekends and holiday hours.
- an excellent communicator in written and verbal English, across all organizational levels.
- working towards, or recently finished, your degree.
